

the fund. In addition, the plan may be useful to Commission staff in reviewing the fund's compliance with the rule.

Based on an analysis of fund filings, the Commission estimates that there are approximately 7,743 multiple class funds offered by 1,045 registrants. The Commission estimates that each of the 1,045 registrants will make an average of 0.5 responses annually to prepare and approve a written 18f-3 plan.¹ The Commission estimates each response will take 6 hours, requiring a total of 3 hours per registrant per year.² Thus the total annual hour burden associated with these requirements of the rule is approximately 3,135 hours.³

Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. The collection of information under rule 18f-3 is mandatory. The information provided under rule 18f-3 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collections of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burdens of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, C/O Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549; or send an email to: PRA_Mailbox@sec.gov.

¹ The Commission estimates that each registrant prepares and approves a rule 18f-3 plan every two years when issuing a new fund or new class or amending a plan (or that 522.5 of all 1,045 registrants prepare and approve a plan each year).

² 0.5 responses per registrant × 6 hours per response = 3 hours per registrant.

³ 3 hours per registrant per year × 1,045 registrants = 3,135 hours per year.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-81818; File No. SR-LCH SA-2017-007]

Self-Regulatory Organizations; LCH SA; Notice of Designation of Longer Period for Commission Action on Proposed Rule Change Relating to Options on Index Credit Default Swaps

October 4, 2017.

On August 1, 2017, Banque Central de Compensation, which conducts business under the name LCH SA ("LCH SA"), filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change (SR-LCH SA-2017-007) to amend LCH SA's CDS Margin Framework and CDS Clear Default Fund Methodology to incorporate terms and conforming changes, and to provide for risk management policies related to options on index credit default swaps in order to permit LCH SA to clear such options. The proposed rule change was published for comment in the **Federal Register** on August 21, 2017.³ The Commission received no comments regarding the proposed changes.

Section 19(b)(2) of the Act provides that within 45 days of the publication of the notice of the filing or a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding, or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved.⁴ The 45th day from the publication of the Notice is October 5, 2017.

The Commission is extending the 45-day time period for Commission action on the proposed rule change. As noted above, LCH SA proposed to amend its

CDS Margin Framework and CDS Clear Default Fund Methodology in order to permit it to clear options on index credit default swaps. The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider LCH SA's proposed rule change and the risks associated therewith.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act, extends the period by which the Commission shall either approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change (File No. SR-LCH SA-2017-007) to no later than November 19, 2017.

For the Commission by the Division of Trading and Markets, pursuant to delegated authority.⁵

SMALL BUSINESS ADMINISTRATION

Women-Owned Small Business Federal Contract Program NAICS Code Updates

AGENCY: U.S. Small Business Administration.

ACTION: Notice of Updated NAICS Codes for Use in the Women-Owned Small Business Federal Contract Program.

SUMMARY: The U.S. Small Business Administration (SBA) is updating the North American Industry Classification System (NAICS) codes authorized for use in the Women-Owned Small Business (WOSB) Federal Contract Program (WOSB Program). The update is being made to reflect the U.S. Office of Management and Budget's (OMB) NAICS revision for 2017, identified as NAICS 2017. NAICS 2017 created 21 new industries by reclassifying, combining, or splitting 29 NAICS 2012 industry codes. These changes would impact eight (8) of the 2012 NAICS codes designated for use under the WOSB Program.

DATES: The designations of industries contained in this notice apply to all solicitations issued on or after October 1, 2017.

FOR FURTHER INFORMATION CONTACT: Amy Kim, Office of Government Contracting, 409 3rd Street SW., Washington, DC 20416, wosb@sba.gov.

SUPPLEMENTARY INFORMATION:

⁵ 17 CFR 200.30-3(a)(12).

1. Background

Under section 8(m) of the Small Business Act, 15 U.S.C. 637(m), SBA is responsible for implementing and administering the WOSB Program, which went into effect on February 4, 2011. 75 FR 62258 (February 4, 2011). The WOSB Program authorizes Federal contracting officers to restrict competition for an acquisition to WOSBs, provided that the following conditions are met: (1) The acquisition is for a good or service assigned a NAICS code in which SBA has determined that WOSBs are substantially underrepresented; (2) There is a reasonable expectation that at least two WOSBs will submit offers; and (3) The award will be made at a fair and reasonable price. The WOSB Program also authorizes contracting officers to award a sole source contract to a WOSB if only one WOSB can perform the contract at a fair and reasonable price.

In addition, Economically Disadvantaged Women-Owned Small Businesses (EDWOSBs) can likewise receive set-asides and sole source awards similar to those described above in NAICS codes in which SBA has determined that WOSBs are underrepresented.

In order to identify the industries eligible for set-asides under the WOSB Program, the Small Business Act required the SBA Administrator to periodically conduct a study to identify those industries in which small business concerns owned and controlled by women are underrepresented in Federal contracting. 15 U.S.C. 637(m)(4).

Pursuant to that statutory requirement, SBA awarded a contract to the Kauffman-RAND Institute for Entrepreneurship Public Policy (RAND) to complete a study of the underrepresentation of WOSBs in Federal prime contracts by industry code. The RAND study was published in April 2007.¹ SBA used the results of the RAND study to designate 83 four-digit NAICS industry groups where WOSBs were found to be either underrepresented or substantially underrepresented in Federal contracting and therefore eligible for contracting under the WOSB Program. In October 2010, SBA published a Final Rule identifying those eligible NAICS codes. 75 FR 62258 (October 7, 2010).

In 2014, Congress amended the Small Business Act to require SBA to submit a report to Congress reflecting the results of a new study by January 2,

2016, and then continue to conduct a new study every five years. Public Law 113–291 825(c) (Dec. 19, 2014). In response to this statutory mandate, SBA asked the Office of the Chief Economist (OCE) of the U.S. Department of Commerce for assistance in conducting a new study of the WOSB Program. OCE looked at whether, holding constant various factors that might influence the award of a contract, the odds of winning Federal prime contracts by firms that were owned by women were greater or less than the odds of winning them by otherwise similar businesses.²

As a result of the OCE study findings, SBA increased the number of 2012 NAICS codes authorized for use under the WOSB Program to 113 four-digit NAICS industry groups, effective March 3, 2016. 81 FR 11340 (March 3, 2016). Consequently, WOSBs have been able to compete for and receive contract awards in 92 four-digit NAICS industry groups or 365 six-digit NAICS codes. EDWOSBs have been able to compete for and receive contract awards in 21 designated four-digit NAICS industry groups or 80 six-digit NAICS codes, in addition to those authorized for WOSBs.

On August 8, 2016, OMB published its most recent update to the NAICS industry groups, NAICS 2017, “Notice of NAICS 2017 final decisions,” in the **Federal Register**. 81 FR 52584 (August 8, 2016). The Notice of NAICS 2017 final decisions stated that Federal statistical establishment data published for years beginning on or after January 1, 2017, should be published using NAICS 2017. Accordingly, on April 18, 2017, SBA published a proposed rule seeking comments on its proposed size standards under NAICS 2017. 82 FR 18523 (April 18, 2017). A final rule which adopted the revisions to small business size standards as proposed was published in the **Federal Register** on September 27, 2017. 82 FR 44886 (September 27, 2017).

In order to align the WOSB Program with the Notice of NAICS 2017 final decisions and SBA’s adoption of NAICS 2017 for its size standards, SBA is issuing this notice to amend the NAICS codes eligible for use under the WOSB Program.

2. Changes in Eligible NAICS Codes

After review and comparison of the NAICS 2012 and NAICS 2017 industry groups, SBA has determined that NAICS 2017 reduces the number of four-digit NAICS industry groups eligible for procurements under the WOSB Program

from 113 to 112 because NAICS 2017 merged two NAICS 2012 industry groups, NAICS 5171 and 5172, into one—5173.³

NAICS 2017 also reduces the number of eligible six-digit NAICS codes for WOSBs to compete in under the WOSB Program from 365 to 364. The number of eligible six-digit NAICS codes for EDWOSBs to compete in under the WOSB Program (80 NAICS codes) remains the same.

The changes to the eligible six-digit NAICS industry groups resulted from the following updates in the NAICS 2017:

NAICS 2017 created new four-digit NAICS industries by merging NAICS 2012 industries. As a result of the merges, the following changes are made to the six-digit NAICS codes eligible for WOSBs under the WOSB Program:

- 2012 NAICS codes 333911 and 333913 are merged into 2017 NAICS code 333914; and
- 2012 NAICS codes 512210 and 512220 are merged into 2017 NAICS code 512250.

Additionally, six-digit NAICS codes were changed without changing their definitions or titles. In order to accommodate these changes, the following six-digit NAICS codes eligible under the WOSB Program will be revised as follows:

- 2012 NAICS code 517110 will be changed to 2017 NAICS code 517311; and
- 2012 NAICS code 517210 will be changed to 2017 NAICS code 517312

EDWOSBs are eligible to pursue set-aside or sole source contracts with 2017 NAICS code 517311. For their part, WOSBs are eligible to compete for set-aside or sole source contracts with 2017 NAICS code 517312.

Under NAICS 2017, new industries were created by splitting two industries into two parts with one part of each industry defined as a separate industry and combining other parts of the two industries to form a separate new industry. As a result of this change, the following six-digit NAICS codes eligible for WOSBs under the WOSB Program will be amended as follows:

- 2012 NAICS code 541711 will correspond to 2017 NAICS codes 541713 and 541714; and

³ Under the 2012 NAICS and the OCE study, 5171 was eligible for EDWOSB contracts, while 5172 was eligible for WOSB contracts. Despite the merging of these industry codes at the four-digit level to NAICS code 5173, the six-digit NAICS code 517110 will remain eligible for EDWOSB contracts and the six-digit NAICS code 517210 will remain eligible for WOSB contracts. Therefore, eligible NAICS codes at the six-digit NAICS level will remain aligned with the findings of the OCE study.

¹ The RAND study is available to the public at https://www.rand.org/pubs/technical_reports/TR442.html.

² The OCE study is available to the public at https://www.sba.gov/sites/default/files/wosb_study_report.pdf.

• 2012 NAICS code 541712 will correspond to 2017 NAICS codes 541713 and 541715.

DEPARTMENT OF STATE

[Public Notice: 10156]

Notice Regarding Positive Actions by the Government of Sudan

ACTION: Notice.

SUMMARY: The Secretary of State, in consultation with the Secretary of the Treasury, the Director of National Intelligence, and the Administrator of the U.S. Agency for International Development, is publishing a notice stating that the Government of Sudan has sustained the positive actions that gave rise to Executive Order 13761 of January 13, 2017 (“Recognizing Positive

Actions by the Government of Sudan and Providing for the Revocation of Certain Sudan-Related Sanctions”), as amended by Executive Order 13804 of July 11, 2017 (“Allowing Additional Time for Recognizing Positive Actions by the Government of Sudan and Amending Executive Order 13761”). The Secretary of State has also provided to the President a report required in Executive Order 13761, as amended. As a result, the criteria in section 12(b) of Executive Order 13761, as amended, have been fulfilled, making effective sections of that Executive Order that, among other things, revoke certain economic sanctions related to Sudan. **DATES:** Effective October 12, 2017.
